SUMMARY

Results-driven **Front-End React Developer** with **4 years** of hands-on experience creating dynamic and responsive web applications. Adept at designing user-centric interfaces, enhancing performance, and fostering cross-functional collaboration. Skilled in **HTML, CSS, JavaScript, and React** to ensure smooth user interactions. Proficient in contemporary web methodologies such as component-based design, state management, and **RESTful APIs**. Committed to continuous learning, remaining up to date with industry trends to deliver cutting-edge solutions. Possesses robust problem-solving abilities, meticulous attention to detail, and an unwavering enthusiasm for crafting visually appealing interfaces. An invaluable team asset.

PROFESSIONAL EXPERIENCE

Publicis Sapient

March 2022 – Present

Associate Technology L2

- Collaborated with cross-functional teams, including UX designers, project managers, and backend developers, to create client-side UI applications for Marriott Hotels.
- Leveraged **Next.JS, JavaScript, SCSS, Redux, and GraphQL** to craft and deploy responsive, reusable UI components, resulting in a 15% increase in user engagement and maintaining consistent design aesthetics.
- Employed **GitHub** repositories for version control, facilitating seamless collaboration and ensuring code integrity among 8+ team members.
- Proficiently conducted unit testing of components using **React Testing Library** and **Jest**, achieving an impressive code coverage of over 85%, ensuring robust application functionality and minimizing defects.
- Integrated UI components and managed content effectively using **Adobe Experience Manager (AEM)** content management system.
- Actively contributed to **Agile** development methodologies, engaging in sprint planning, daily stand-ups, and retrospectives to ensure timely project delivery.
- Innovatively applied insights from Lighthouse reports to optimize UI/UX and overall application performance, resulting in a 25% decrease in page loading times.
- Ensured strict alignment of UI components with user-centered design principles, maintaining close coordination with UX designers throughout the design process.
- Championed **code reviews**, providing constructive feedback on 50+ code submissions, fostering a culture of continuous improvement and adherence to best practices.

Wipro Limited

Nov 2019 – Mar 2022

Project Engineer

- Led the development of a maintenance management dashboard for the **Indian Air Force**, using **React.JS, JavaScript** and **CSS** to provide real-time data visualization and user interaction.
- Collaborated with stakeholders to tailor the dashboard to the specific maintenance needs of the Indian Air Force, resulting in an intuitive **UI** that streamlined monitoring and management.
- Conducted thorough unit testing of UI components using **React Testing Library** and **Jest**, achieving a code coverage of over 80%, leading to enhanced application stability and user experience.
- Employed GitHub for version control and actively participated in Agile processes, contributing to 50+ successful sprints and project milestones through valuable code reviews, collaborative insights, and consistent adherence to development best practices.

EDUCATION

GLA University , Mathura Bachelor of Technology: ME, CGPA: 8.43	2015-2019
St. Francis Inter College , Hathras 12th (CBSE), Percentage: 90.4%	2014-2015
SBS Sr. Secondary School , Hathras 10th (CBSE), CGPA: 10	2014-2015

SKILLS & OTHER

HTML
CSS
SASS (SCSS)
JavaScript
React.JS
Redux
Redux Thunk
Redux Toolkit
Git
GraphQL
RESTful API
React Testing Library
Jest
Scrum

CERTIFICATIONS

- Exam 98-382: Introduction to Programming Using JavaScript
- HackerRank JavaScript (Basic) Certificate (<https://www.hackerrank.com/certificates/0fbd45651e76>)
- HackerRank JavaScript (Intermediate) Cert. (<https://www.hackerrank.com/certificates/f976612e59ad>)
- HackerRank React JS Certificate (<https://www.hackerrank.com/certificates/e52dc19955bb>)
